BIO AND PERFORMANCE RECORD:

Amaretto D'Arco is an extremely talented, stunning dark bay stallion with a great mind. He was approved in Belgium and received very high marks for temperament. He was awarded elite stallion status in 2009 due to his successes in the GP ring. He is the son of the legendary international show jumper Darco and is conformationally very similar to his sire. Amaretto D'Arco is broad chested with large shoulders, good bone, powerful haunches and long hind legs. While notable for his very docile temperament, he excels in the ring where he has great presence and shows with calm confidence.

Amaretto D'Arco's first foal crop is on the ground and they all look fantastic. They are correct and have his great temperament.

Amaretto D'Arco is a logical choice for the serious jumper breeder.
