## BIO AND PERFORMANCE RECORD:

Perfect conformation, hack winning movement and the most beautiful form over fences you'll ever see. Comfortable and easy to ride, quiet, never looks at any jumps. An exceptional athlete!

The first approved son of the phenomenal Balou du Rouet born and raised in the USA. The Argentinus on the mare's side gives him a quiet intelligence that will produce both hunters and jumpers. Argentinus is one of only two stallions in the world to consistently produce International level horses in both Jumping and Dressage.

Approved Oldenburg GOV, Belgian Warmblood (BWP) and RPSI with very high scores. At the BWP inspection he tied for the highest jumping score on the tour (out of 18 stallions)!!! RPSI gave him a 9 for jumping and 8's & 9's for everything else. GOV 8.5 for jumping and called his gaits "lofty with great use of shoulder."

Two spectacular filly foals now on the ground in 2010! One has her father's big movement and the other has jumped over a four foot pasture fence and jumps in the riding ring all on her own! Both are exceptional. One has four stockings and a blaze!

The Oldenburg GOV and BWP Stallion Approval videos are up on our website! Also there is a video of his first foal, L'Avenir M on the website under "Born in 2010." www.MarabetFarm.com.

In training with former British Equestrian Team member John Brown, Bliss MF has gone to his first show and come away with some blue ribbons! He is being shown in the jumpers now and the plan is to also do the Hunters at both WEF and HITS Ocala.
