BIO AND PERFORMANCE RECORD:

C. Quito is a 16.2 hh imported stallion by Parco by Darco, currently the leading sire for The World Breeding Federation for Sporthorses as well as The USEF from 2007 – 2011 Parco, himself, is the most successful licensed son of Darco with numerous victories as a member of the Belgian Nations Cup Team and of World Cup Qualifiers and Finals. International show jumpers spotlight the dam's side of Parco as well. Quinta, the dam of C. Quito, also grey, is by V Latano, by Landgraf I.C. Quito inherited the exceptional attitude of the line and performs equally well ridden by a professional or an amateur. He has a huge step, beautiful feet and top-line, plenty of bone and a refined head and neck. His 2010 progeny include a colt magnificent in size, conformation and movement. Spring 2011 produced a filly and two colts stamped with his size, head & neck and presence. Approximately 12 offspring are due in 2012.

He has an endless work ethic, the scope of a jumper and the style of a hunter!
