BIO AND PERFORMANCE RECORD:

Capitaan is the last living son of Capitano, the sire of Capitol I & II. Capitol is the sire of Olympic showjumpers Dobel's Cento -gold medalist, Gitania, VDL Cardento & Carthago. Famous offspring include Cassini I & II, Carolus, Indoctro, and 40+ approved sons and grandsons in every studbook. Heilbutt is the grand damsire of Capitol. Damsire Cassini I is the most sought after Holsteiner sire in the World and combines the bloodlines of Capitano, Cor de la Bryere and Heilbutt closely related to Capitaan. Cor de la Bryere founded the other important Holsteiner "C" line producing the famous stallions Corrado, Caletto, Calypso, Constant, Corland, Corlandus, Champus, Calvados, Cor D' Alme Z, Calando, Concorde, Challenger, Cicero, Candidus, Cor Noir, Come Back, Challenger and many sons and daughters who have produced important stallion sons and daughters. He is the damsire of Burggraf, South Pacific, Rantares, Dolany and Olympic gold medalist Fein Cera with American Peter Wylde. Heilbutt is also the damsire of Ronald, Maximus and Leonardo. Capitano is found in the 4 generation pedigrees of 4 of the 7 premium approved Holsteiner stallions at the German 2005 approvals. Capitaan's breeder W. Soenke Thamling also bred Olympic, World and Nations Cup showjumper Eurocommerce Montreal.

Capitaan produces modern, leggy offspring with his beautiful face and long high set necks. Even his foals exhibit superior jump, feet to their ears, a trait from Capitaan's sire Capitano.
