OWNER OF RECORD: Sefarm.com Rose Sullivan

BIO AND PERFORMANCE RECORD:

Darco's LegacySE is just starting his jumping career. SE Farm has entered into a partnership with Micheal Larsen of Buffalo, Montana. We are very excited about this partnership and taking Darco's Legacy up the eventing ranks.

Darco's LegacySE is a product of oocyte transfer and was born to a recipient mare in 2005. He comes from the very best showjumping bloodlines in the world. He is sired by Contendor, himself a international grand prix jumper. Contendor's sire is CalypsoII, who has sired many international sporthorses in Europe. Cor de la Breyere is CalypsoII's sire, probably the most famous foundation sire of warmbloods today.

On the dam side, Darco's LegacySE is out of "elite" mare Mistery. Mistery is the very first "elite" mare for the BWP in the USA. She is a retired grandprix jumper imported from Argentina, who has competed all the way from Chile to Spruce Meadows in competition. Mistery's sire is the world famous #1 sire of showjumpers in the world today, Darco.

Darco's LegacySE possesses many of the same characteristics of his famous grandfather, as he is a spitting image of him.

Mistery is the sister to McClain Ward's international superstar and Olympic champion, Sapphire, showjumping mare of the year for 2009.

Darco's LegacySE is the brother to Claire de LuneSE, also a 7 year old approved BWP stallion. Claire has many national sport championship wins for himself and his foals in both the showjumping and eventing worlds.

Darco's LegacySE is bred to be an Olympic level sporthorse. He possesses all the characteristics for international successes in sport: beauty, good conformation, incredible scope and excellent movement.
