## BIO AND PERFORMANCE RECORD:

Larkspur is a stunning 14.1 hh black Weser-Ems pony with enormous presence and an incredible work ethic. He is by the imported "Lateran" out of states premium mare "Crown Iowa".

As a weanling, he was named site champion over all of the full sized Oldenburg colts at his GOV inspection. "Very beautiful head, nicest we have seen this year, correct legs, good type. Premium, and a stallion prospect. Do not geld."

Larkspur (shown as "Legend") had limited show experience. His first outing was at 36 months; earning an impressive 73.5% tr 2 at a USDF recognized competition. He is an overachiever, and is currently schooling 3rd level movements. He will return to the show ring when these movements are confirmed.

His sire was champion of his approval in Germany in 1999 and was fourth overall after his 30 day test earning 9s on free jumping and rideability. In 2010, Lateran competed in the World Equestrian Games, Kentucky, in the para equestrian dressage events with owner Wendy Fryke.

Dam SPS Crown Iowa has produced two Weser Ems approved stallions, Crown Heartbreaker and Crown High Society.

Larkspur is the first BRp stallion approved in North America for the BRp studbook, Belgium.
