2007 Res. Champion – Regular Working Hunters – Zone 4

One of the few Darco offspring to perform successfully in both the hunter and jumper divisions, Magic Darco offspring are showing in the junior, amateur-owner, children's and adult amateur divisions.

Like his sire, Magic Darco has a lot of blood. He is very scopey, with a great mind. He likes to go to the jump. He is a big, powerful, horse, but very careful at the jumps. He has a real desire to work. He is passing on all the Darco traits, and that is beginning to show as his progeny in this country come of age.

Any type of mare crosses well with him.

PUT SOME MAGIC INTO YOUR BREEDING PROGRAM.
