In the other Grand Prix classes he competed in he placed in the top 8 at the national level. In addition, he was the most money accruing horse in the Wachovia Securities Rider Challenge in Chicago Illinois. On Line is bred to perform. Currently jumping the Grand Prix level, On Line's amazing jumping technique can be directly attributed to his impressive bloodlines. On Line embodies all the best and most influential bloodlines that Europe has to offer.

His sire Concorde is a descendent of the famous, "keur" and "preferent" stallion Voltaire. In 2003 Olympic Concorde was named Horse of the Year in Holland and was the leading jumping sire in the US. He is also listed in the top ten for show jumper stallions world wide. Over the past decade Concorde has produced over 100 offspring competing nationally and internationally at 1.40-1.60.

On Line's dam's sire Argentinus is the most influential son of the Hanoverian stallion, Argentan I. Argentinus' dam is by Duden II who was highly esteemed as a producer of top quality performance horses and wonderful broodmares. In 1996, Argentinus was the youngest millionaire among Germany's top sires and is still regarded as amongst the most successful living Stallions in Germany.

On Line's progeny are coming 9 in 2010. He passes down his long line of influential and performance blood to his offspring, all of which show scope, impressive technique, strong movement, and super dispositions. Please visit our web site to see On Line's performance record.
