OWNER OF RECORD: Meghan Moran Kraut

BIO AND PERFORMANCE RECORD:

Quarnak has been a veteran of International show jumping for almost a decade. Paired with Olympian Federico Sztyl, Quarnak successfully competed in Grand Prix competitions throughout Europe and the United States. Winning at top competitions from Hickstead to Wellington, Quarnak now is partnered with top amateur rider Meghan Moran Kraut. Quarnak was sired by the great stallion Voltaire, whose offspring dominate International show jumping. He has sired many jumping stars including Vegas. Quarnak's dam, Calypso Du Roc was sired by the international jumping star Galoubet A, who sired Rodrigo Pessoa's Olympic Gold Medal winner Baloubet du Rouet. Quarnak exhibits the careful scope required for today's performers. With his impeccable blood lines and long standing results in the show ring, he is definitely a stallion to introduce in your breeding program.

Quarnak just finished successfully competing at the 2010 Winter Equestrian Festival with rider Meghan Moran Kraut. During the summer of 2010 Quarnak will be competing with rider Bob Kraut at the Meydan Nations Cup Series in Falsterbo Sweden, Hickstead England, and Dublin Ireland. Please visit our web site at www.summitshowstables.com for current videos and results throughout the summer.
