## BIO AND PERFORMANCE RECORD:

SCF Renaissance possesses a bullet-proof pedigree of world class show jumping talent: Lux Z, Silvio I, Landadel and Furioso II.

Bred by Paul Schockemohle's Lewitz Stud, SCF Renaissance has showcased this top performance lineage by successfully competing in his young career in both Europe and the United States. In 2009, he debuted at international competitions with strong placings among the elite at Vittel, Sandillon, de Jardy, Palaiseau and Geispolsheim.

Imported by Spy Coast Farm in 2010, he was selected by owner Lisa Lourie and trainer Shane Sweetnam not only to be the farm's next Grand Prix competitor, but to be the perfect compliment to the farm's burgeoning stallion line-up. He made his first appearance in the Grand Prix ring in 2010 (at the age of 9) at the \$25,000 Equestrian Grand Prix in Florida (placing 13th).

As his very modern blood type would suggest, SCF Renaissance possesses cat-like athleticism which will be a unique advantage for those breeders who need to add blood and refinement, but not lose generations of Warmblood breeding. And while his near perfect jumping technique, limitless scope and carefulness make him a natural choice for any jumper breeder, his exquisite bascule, his "knees to chin jump" and his fancy exterior will most certainly entice the hunter breeder.

SCF Renaissance: An all-too-tempting choice for the breeder seeking an all-star pedigree and the jump to match it.
