BIO AND PERFORMANCE RECORD:

Titan is now a legend on two continents, Australia and North America. He will live on through his progeny. Titan brought the T Holsteiner stallion bloodline to North America. His bloodlines also trace back to Farnese, over one hundred years of pure Holsteiner breeding. Titan has produced four licensed stallions out of our F line mares, and at least two in Australia. Tailored Fortune will continue carry on in his sire's image.

TITAN has Holsteiner heritage. TITAN'S Holsteiner bloodlines make him even more unique, he is the first T line stallion to stand in the U.S. His dam goes back to the foundation stallion, Farnese. After proving himself in the ring in Australia and the U.S., TITAN is showing that he is passing his incredible gaits, powerful jump, and unflappable temperament.

He was imported from Australia in 1998. Titan now has produced three stallions licensed with the BWP/NAD – Tailored Fortune, Triton, and Ferris By Titan. They are all out of our mares sired by Franat.

TITAN is one of the most versatile stallions currently available in the U.S. Not has he only been Horse of the Year in eventing at Preliminary level, but he has also been Junior Young Rider Horse of the Year twice in dressage at 4th level and PSG. He has also competed at the Grand Prix level in jumping and won the title of Supreme Champion in Free Jumping Over 6 feet. Titan has won over 500 Championships and 150 Supreme Championships in Australia between 1987 and 1997.

TITAN'S offspring are winning in the hunters, jumpers, eventing, dressage, and show the same willingness and easygoing attitude as their sire. In 2009 Titan's foal crop all won Gold Medal status. All of TITAN'S offspring presented in 2008 and 2009 were Gold Medal winners. Also available are offspring and another stallion prospect.

Several Titan offspring and a stallion prospect are available
