BIO AND PERFORMANCE RECORD:

Vancouver D'Auvray is a 16.1 hand Bay Belgium Stallion with a white star and two hind socks who was born on April 10, 1998. He is mild mannered, kind and gentle. He is the full brother to Toulon, who is very successful in Europe. As a four year old, he showed off his excellent jumping manners in Europe as he belonged to the classic cycle winners with eight clear rounds. He became the first in the Flemish Cycle as a 5 year old with 6 clear rounds and won the Silver medal at the Open Flemish Championship at Moorsele. Vancouver D'Auvray was 17th overall in the 2008 World Cup in Sweden. In 2009, Vancouver D'Auvray was given Elite Stallion status in Belgium for the Belgium Warmblood Breeding Association. Danielle Torano and Vancouver D'Auvray competed in their second World Cup together at the 2009 World Cup in Las Vegas.

Vancouver's frozen semen is now available. Stud Fee \$2,000.00 per breeding dose. Please feel free to inquire about breeding by calling (305) 794-4089 or (772) 201-9341. Vancouver's offspring to date present themselves as supple, light-footed jumping horses.
